NOTES TO ADVERTISERS Applications for advertisement space and for rates should be addressed to the Advertisement Manager, *Gut*, BMJ Publishing Group, BMA House, Tavistock Square, London WC1H 9JR.

NOTICE TO SUBSCRIBERS *Gut* is published monthly. The annual subscription rates for institutions are £300 (USA \$462) for print only. Online licences are priced on the FTE basis and allow access by the whole institution. Institutions that opt for online access may purchase print at deeply discounted rates. Personal subscription rates which include online access are £125 (\$199). Enquiries regarding rates and orders should be sent to the Subscription Manager, *Gut*, BMJ Publishing Group, BMA House, Tavistock Square, London WC1H 9JR. Subscribers may pay for their subscriptions by Mastercard, Visa, or American Express, by quoting on their order the credit or chargecard preferred, together with the appropriate personal account number and expiry date of the card. Orders can also be placed with any leading subscription agent or bookseller. (For the convenience of readers in the USA subscription orders, with or without payment, may also be sent to the BMJ Publishing Group, PO Box 590A, Kennebunkport, ME 04046, USA. Tel: 001 800 236 6265. All enquiries, however, must be addressed to the publisher in London.) All enquiries regarding air mail rates and single copies already published should be addressed to the publisher in London.

Generation of reflux oesophagitis in the rat oesophagus according to the surgical method. (From the paper by Oh *et al*, pp 364–71.)

See p 324

Leading article

- 317 What comes after macrolides and other motilin stimulants? *J Tack, T Peeters*

Commentaries

- 319 *H pylori*: the bug is not all bad *J E Richter*
320 Beyond acid suppressants in gastro-oesophageal reflux disease
R C Fitzgerald

Clinical @lert

- 322 Ulcerative colitis extent varies with time but endoscopic appearances may be deceptive
J M Rhodes

Helicobacter pylori

- 324 Gastric leptin and *Helicobacter pylori* infection
T Azuma, H Suto, Y Ito, M Ohtani, M Dojo, M Kuriyama, T Kato
- C**330 *Helicobacter pylori* infection prevents erosive reflux oesophagitis by decreasing gastric acid secretion
T Koike, S Ohara, H Sekine, K Iijima, Y Abe, K Kato, T Toyota, T Shimosegawa
- C**335 Inverse background of *Helicobacter pylori* antibody and pepsinogen in reflux oesophagitis compared with gastric cancer: analysis of 5732 Japanese subjects
Y Yamaji, T Mitsushima, H Ikuma, M Okamoto, H Yoshida, T Kawabe, Y Shiratori, K Saito, K Yokouchi, M Omata
- C**341 The significance of *cagA*⁺ *Helicobacter pylori* in reflux oesophagitis
V J Warburton-Timms, A Charlett, R M Valori, J S Uff, N A Shepherd, H Barr, C A M McNulty
- 347 Gastric cancer and *Helicobacter pylori*: a combined analysis of 12 case control studies nested within prospective cohorts
Helicobacter and Cancer Collaborative Group
- ### Gastro-oesophageal reflux
- 354 Prolonged measurement of lower oesophageal sphincter function in patients with intestinal metaplasia at the oesophagogastric junction
C Wolf, R Timmer, R Breumelhof, C A Seldenrijk, A J P M Smout
- 359 Bile reflux gastritis and Barrett's oesophagus: further evidence of a role for duodenogastro-oesophageal reflux?
M F Dixon, P M Neville, N P Mapstone, P Moayyedi, A T R Axon
- C**364 Oxidative stress is more important than acid in the pathogenesis of reflux oesophagitis in rats
T Y Oh, J S Lee, B O Ahn, H Cho, W B Kim, Y B Kim, Y J Surh, S W Cho, K M Lee, K B Hahm

Gastrointestinal haemorrhage

- 372 Drug treatments in upper gastrointestinal bleeding: value of endoscopic findings as surrogate end points *G M Hawkey, A T Cole, A S McIntyre, R G Long, C J Hawkey*

Coeliac disease

- 380 Intraepithelial and lamina propria lymphocytes show distinct patterns of apoptosis whereas both populations are active in Fas based cytotoxicity in coeliac disease *A Di Sabatino, R Ciccocioppo, S D'Alò, R Parroni, D Millimaggi, M G Cifone, G R Corazza*

Inflammatory bowel disease

- 387 Expression of nitric oxide synthases and effects of L-arginine and L-NMMA on nitric oxide production and fluid transport in collagenous colitis *A Perner, L Andresen, M Normark, B Fischer-Hansen, S Sørensen, J Eugen-Olsen, J Rask-Madsen*

Motility

- 395 Effects of a motilin receptor agonist (ABT-229) on upper gastrointestinal symptoms in type 1 diabetes mellitus: a randomised, double blind, placebo controlled trial *N J Talley, M Verlinden, D J Geenen, R B Hogan, D Riff, R W McCallum, R J Mack*

Colorectal cancer

- 402 Faecal calprotectin and faecal occult blood tests in the diagnosis of colorectal carcinoma and adenoma *J Tibble, G Sigthorsson, R Foster, R Sherwood, M Fagerhol, I Bjarnason*
- 409 Overexpression of activin A in stage IV colorectal cancer *S Wildi, J Kleeff, H Maruyama, C A Maurer, M W Büchler, M Korc*
- 418 Increased rectal cell proliferation following alcohol abuse *U A Simanowski, N Homann, M Knühl, L Arce, R Waldherr, C Conradt, F X Bosch, H K Seitz*

Liver disease

- 423 The natural course of hepatitis C virus infection after 22 years in a unique homogenous cohort: spontaneous viral clearance and chronic HCV infection *S Barrett, J Goh, B Coughlan, E Ryan, S Stewart, A Cockram, J C O'Keane, J Crowe*
- 431 Outcome of liver disease in children with Alagille syndrome: a study of 163 patients *P Lykavieris, M Hadchouel, C Chardot, O Bernard*

Case report

- 436 Successful treatment with adefovir dipivoxil in a patient with fibrosing cholestatic hepatitis and lamivudine resistant hepatitis B virus *K M Walsh, T Woodall, P Lamy, D G D Wight, S Bloor, G J M Alexander*

Therapy update

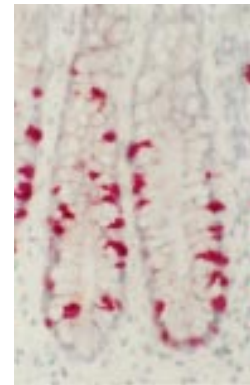

- 441 Drug therapy for portal hypertension *D Lebrec*

Review

- 443 Cyclooxygenase 2—implications on maintenance of gastric mucosal integrity and ulcer healing: controversial issues and perspectives *F Halter, A S Tarnawski, A Schmassmann, B M Peskar*

Letters to the editor

- 454 Primary biliary cirrhosis and primary sclerosing cholangitis are of infectious origin! *T Wadström, Å Ljungh, R Willén*
- 454 Measurement of tumour necrosis factor α *A Austin*
- 455 Chromosome 3p and inflammatory bowel disease *J Satsangi, S Vermeire*
- 455 Indecision and irritable bowel *J W Paulley*
- 456 Book reviews Notes
